NEWSLETTER 3 – Meeting at Guinness Enterprise Centre Dublin, Ireland, 22–23 January 2019

Partners from Estonia, Greece, Ireland, Romania, Spain, Turkey and UK were present.

Day 1

Doru’s robotic arm was much admired by the group. He agreed to put together instructions on how to use 3D printing to create the arm, and maybe even an instruction video...

Project Progress

The E-repository section of the Industry 4.0 website was demonstrated by Suat, including the chapters: Introduction, Openess, Flexibility, Decentralization and Modularity.

All modules are complete, and the outputs for the Industry 4.0 Curriculum have been achieved. All can be accessed via the [Industry 4.0 website](#). Congratulations to all partners!

DAY 1 - CULTURAL OPPORTUNITIES

GUINNESS – a world-famous brand – founded in Dublin in 1759.

It was an easy walk for us to get to Ireland’s most popular tourist attraction, the Guinness Storehouse!

A guided showed us how Guinness stout is made, and we saw imagery from the famous advertising campaigns such as ‘Fish on a Bicycle’ and ‘Tick Followed Tock’

We watched the sunset over Dublin and the Wicklow Mountains from the Gravity Bar in the sky!

Suat and Mehtap learning about the special yeast used to make Guinness!

DAY 2 – INDUSTRY VISIT DCU Alpha

The remaining tasks for partners were summarised and deadlines were set. The partners then set out for a visit to Dublin City University Innovation Campus: **DCU Alpha**. This facility has been especially designed for small innovative companies. Dublin is one of the best cities in the world for innovative start-ups.

We had a bespoke lecture about **DCU Alpha** and the technology that is being developed there including Internet of Things and Artificial Intelligence. Some was too secret to share with us!

We looked round a 3D-printing lab and coworking space on Campus.

Partners posed for some pictures at the centre before some left to catch flights. You can see it is cold in Dublin in January!

We look forward to meeting again in Liverpool, UK, in June 2019!
